## Criminal Justice Accountability Initiative: Protecting the Next Victim is Everyone's Responsibility

Many are not aware of the problem of chronic repeat criminal offenders in our community. The same defendants commit crime after crime, are arrested, sentenced and then released, only to commit more crimes. It's up to us to help "close the revolving door" and make sure that our system hands down meaningful sentencing, along with appropriate rehabilitation.

What can YOU do? You can help by writing Community Impact Statements for cases now **pending sentencing**. All of the defendants shown in the following table have either pled guilty or have been found guilty. All the listed charges are felonies.
